

DYLAN DELGADO

VIDEO-EDITOR

My name is Dylan, I'm 28 years old, and I graduated as an Interactive Designer from Mediacollege Amsterdam. I'm always curious and eager to learn new things, and I enjoy pushing my creative skills as far as possible. I have experience in different areas such as **design, video editing, and front-end development**, and I'm comfortable working with tools like **Adobe Photoshop, Adobe Illustrator, Visual Studio Code, Adobe Premiere Pro, and Adobe After Effects**.

In my free time, I like to work on my own video projects, which I upload to my YouTube channel. This not only keeps me creative, but also helps me continuously improve my editing skills.

I take my work seriously, but I also enjoy a good joke every now and then. I believe a positive, relaxed, and productive team atmosphere is important, and I'm confident I would fit in well within your team.
